

Presenting **Aquafree** India's first waterless* urinal.

Because everyone can do with a little more water.

- Saves fresh water
- Eliminates urine odour
- Reduces blockage
- Improves hygiene
- Saves water charges

*No liquid cartridge

Halkhudo Perccept/Del/Hindware/013/10

0% WATER REQUIRED

Hindware presents its eco friendly, water saving technology; Aquafree urinal. The urinal contains a cartridge, debris catcher and a hygiene seal to facilitate usage. The friendly bacteria in the cartridge help break down the uric salts. As there is no water flushing, there are no lime scale or urine flooding problems and this reduces the maintenance cost considerably. Save water with the Aquafree urinal to invest in a greener tomorrow.
